Title and purpose of information

collection: Employer Service and Compensation Reports; OMB 3220-0070 Section 2(c) of the Railroad Unemployment Insurance Act (RUIA) specifies the maximum normal unemployment and sickness benefits that may be paid in a benefit year. Section 2(c) further provides for extended benefits for certain employees and for beginning a benefit year early for other employees. The conditions for these actions are prescribed in 20 CFR 302.

All information about creditable railroad service and compensation needed by the RRB to administer Section 2(c) is not always available from annual reports filed by railroad employers with the RRB (OMB 3220-0008). When this occurs, the RRB must obtain supplemental information about service and compensation.

The RRB utilizes Form UI-41, Supplemental Report of Service and Compensation, and Form UI-41a, Supplemental Report of Compensation, to obtain the additional information about service and compensation from railroad employers. Completion of the forms is mandatory. One response is required of each respondent. The RRB proposes to revise Form UI-41 and UI-41a to add language required by the Paperwork Reduction Act of 1995. Minor editorial changes are also proposed. The completion time for Form UI-41 and UI-41a is estimated at 8 minutes per response.

ADDITIONAL INFORMATION OR COMMENTS:
